- Our homebound friends: Doug and Joan Archambault, Bob Metcalf, Helen Mier, Ernestine Newton, Ruby Parham, Jane Rice, Margaret Burwell, and Rosa Wheeler
- Kriste Causey has completed 6 weeks of antibiotics and is doing better. She has had some physical therapy and is walking better. She still uses the rollator but is in good spirits. She is thankful for her church family and her "Church Ladies" for all the prayers, meals, and other blessings you have given her. She cannot wait until she is released to go in public more and return to church. She is having to come of one of her pain medicines due to interactions with chemo so please continue to pray for healing and strength both emotionally and physically.
- Ava West (5) - Although her counts are still a little wonky, Ava has finally met her threshold to proceed with treatment. For now, Ava will receive her oral chemo medicine at home and next week she will receive her full monthly dosage. Even though she has made counts she will continue to be on weekly visits until further notice to monitor her counts since they will be adjusting the chemo dosage for the most part, Ava has been doing well.
